

Introduction to Forestry & Agroforestry

[K.T. Parthiban](#) , [N. Krishnakumar](#) & [M. Karthick](#)

ISBN	: 9789363460645	Book Format	: Book
Language	: English	Binding	: Paper Back
Imprint	: Scientific Publishers	Edition	: 1
Pages	: 367	© Year	: 2026
Weight	: 480 Gms	Trim Size	: 6.25 x 9.25 x 2.00
Book Type	: Text Book		

Print Book : ₹495.00

1 Review

Blurb

The Scientific Forestry and the associated management practices received significant attraction around the world which resulted in the birth of professional forestry education. In India, the professional forestry education was started in the year 1985 and currently offered at several State Agricultural and Central Universities. The Forestry and Agroforestry has also been included as a subject in various under graduate and Post graduate program of State Agricultural and other conventional universities. This professional education in forestry and introduction of forestry courses to other degree programmes demand a comprehensive text book encompassing all the facets of forests. Against this backdrop, the current book on Introduction To Forestry Agroforestry is conceived to cater to the needs of professionals in B. Sc (Forestry), B.Sc (Agriculture), B.Sc. (Horticulture) and B.Sc (Sericulture) courses offered at State Agricultural Universities and undergraduate programme of Botany and Environmental Science courses offered at Conventional Universities. Besides, the book can also act as a fast and ready made reference material for the graduates aspiring for State and Central Forest Service Examinations. For any beginner in professional forestry education and competitive examinations, this book will be an asset to understand and learn the principles and practices of forestry coupled with other recent developments in forestry sector.

Table of Contents

1. **FORESTS AND FORESTRY**
 - Definitions of terminologies
 - Historical background of forests
 - Objectives of forestry
 - Role of forests – Productive, Protective & Ameliorative
 - Reasons for declining forest cover
2. **FOREST CLASSIFICATION AND TYPES**
 - Forest Types - Definition
 - Classification of forest
 - Regeneration
 - Age
 - Composition
 - Ownership
 - Object of Management
 - Growing stock
 - Classification of forest based on vegetation and climate
 - Factors influencing forest vegetation
3. **THE STATE OF WORLD'S FOREST**
 - Geographical distribution of world forest
 - Classification of world forest
 - Productivity potential of world forest
 - Increment of world forest
4. **FOREST RESOURCES OF IMPORTANT COUNTRIES**
 - Forest resources and practices of world
 - Western Europe
 - North America
 - Central Africa
 - Australia
 - Central America
 - Russia
 - Japan
 - China
5. **THE STATE OF INDIAN FOREST**
 - Forest cover Measurement
 - State wise forest distribution

- Growing stock of Indian forest

6. **SILVICULTURE – PRINCIPLES AND PRACTICES**

- Silvics and Silviculture
- Objectives
- Regeneration – Natural and artificial
- Nursery technology
- Silvicultural practices

7. **SILVICULTURE OF COMMERCIAL IMPORTANT TREES**

- Eucalyptus
- Casuarina
- Teak
- Ailanthus
- Melia
- Subabul
- Sandal
- Red Sanders
- Kadam
- Poplar

8. **FOREST MENSURATION**

- Definition
- Objectives
- Diameter Measurement
- Height Measurement
- Measurement of tree form
- Volume estimation

9. **FOREST UTILIZATION - WOOD AND WOOD PRODUCTS**

- Definition
- Wood Product
 - Solid wood
 - Composite wood
- Non-Wood Forest Products
 - Fibres,
 - Flosses,
 - Grasses
 - Bamboos and canes,
 - Tan,
 - Gums,
 - Dye,
 - Resin,
 - Oleoresin
 - Essential oils
 - TBOs
 - Animal Product

10. **AGROFORESTRY**

- Definition
- Classification and types
 - Agrisilviculture
 - Silviculture
 - Agrisilvipasture
 - Other systems
- Benefits and Limitation
- Tree crop interaction
 - Above ground interaction
 - Below ground interaction
- Nutrient cycling
- Agroforestry systems for different ecological zones
- Industrial Agroforestry
- National Agroforestry Policy, 2014

11. **SOCIAL FORESTRY**

- Introduction
- Objectives
- Programmes

12. **JFM**

- Introduction
- History and evolution
- Objectives
- Programmes
- JFM success Stories
 - Arabari experience
 - Behroonguda experience

13. **DENDRO ENERGY RESOURCES**

- Definition
- Use the Energy in Biomass
- Sources of Dendro biomass (Raw materials)
- Types of biomass power generation
- Thermo chemical properties of important energy species
- Benefits of dendro energy

14. **GLOBAL WARMING**

- Introduction
- Green House Gases
- Causes and Effects
- Impacts

- Mitigation Measures
- Adaptation Measures

15. **CARBON SEQUESTRATION**

- Definition
- Important Terminologies and Definitions
- Kind of Sequestration
- Methods of sequestration
- C Sequestration potential of Natural forest
 - Global Carbon Stock
 - India's Carbon stock
- C Sequestration potential of Agroforestry

16. **FOREST BASED INDUSTRIES**

- Major wood based industries
- Wood demand for major industries
- Wood production
- Wood consumption
- Raw material and species

17. **ORGANIZATIONS IN FORESTRY**

- National Organizations –
 - ANFPDC, FSI, ICFRE, AWBI, BSI, CAFRI, CZA, CSE, CRIDA, FRI, ICAR, IIPRTI, IGNEA, KFRI, NBA, NBW, NTCA, WCCB, ZSI, WTI
- International Organizations
 - CIFOR, ITTO, World Agroforestry Centre (ICRAF), IUCN, WWF, IUFRO, INBAR, FSC, FAO, IPCC

18. **FORESTRY EVENTS / DATES**

- Important Events/Dates related to Forestry
- Important Events / Dates related to environment
- Themes and philosophy

19. **ACTS AND POLICIES**

- National Forest Policies – 1894, 1952, 1988
- Salient features
- Important Acts in Indian Forests
 - IFA, 1927 and its amendments
 - WPA, 1972 and its amendments
 - FCA, 1980 and its amendments
 - EPA, 1986 and its amendments
 - Biodiversity act, 2002
 - Tribal act, 2006
