

Botanical Pesticides for Pest Management 2nd Ed

D.A. Dodia , I.S. Patel & G.M. Patel

ISBN	: 9789390495696	Book Format	: Book & eBook
E-ISBN	: 9789390495733	Binding	: Hard Bound
Language	: English	Edition	: 2
Imprint	: Scientific Publisher	© Year	: 2021
Pages	: 504	Trim Size	:
Weight	: Gms		
Release	: New		

Print Book : ₹3,350.00 ~~₹3,015.00~~ **10%Off**

Blurb

The 2nd Edition of the book is mainly written for the research workers and students of various Universities, who are interested to use ecofriendly indigenous plant materials in pest management programme. The book provides a brief amount on different plants having pesticidal properties viz., plant taxonomy, geographical distribution, chemical constitutions and their structural formula, their mode of action, procedure for preparation and their safety to non target organisms.

This book will be very useful to graduate/post graduate students of Agriculture as well as Basic science, researchers and extension workers. This book will also be useful to environmentalists who are interested to minimize the use of synthetic chemicals in pest management programme and also for the pesticide formulation industries to develop newer molecules based on phytochemicals. Every attempt has been made to provide necessary information for students and researchers, which is hardly available in other books.

Table of Contents

Preface

List of Tables

List of Figures and Plates

1. Introduction
2. History of Development and Perspective of Botanical Pesticides
3. Mode of Action of Botanical Insecticides
4. Mode of Action of Botanical Pesticides Against Non-insect Pests
5. Major Plant/Tree Species Yielding Insecticidal Products
6. Botanical Pesticides and their Role in Sustainable Crop Protection
7. Processing of Botanicals
8. Botanical Pesticides: Processing, Formulations and Future Thrust
9. Wild-weed Plants
10. Cultivated Crop Plants
11. Medicinal Plants
12. Aromatic and Ornamental Plants
13. Trees having pesticidal properties
